Hello there

We’re so pleased to meet you. We’re Tipi Unique – the folk that absolutely adore creating unique experiences.

Congrats from us on the special event you’re planning. And top marks for thinking about hosting a party with a difference. Well need I say more, our uber-gorge, divine Boutique Party Pad has got to be the ultimate extra-ordinary way to celebrate your marked occasions.

Trust us when we say that you can really let your imagination run wild when planning the use for these amazing spaces.

Our Boutique Party Pad creates the ultimate party space for all ages (and we promise you don’t have to be under the age of 10 to really enjoy a fabulous tipi party experience). We’ve shared some of our fave ways to use the space and bundles of advice and ideas to help you plan your event, so no matter how crazy and out-there your request, we can make it possible.

From children’s play dens and perfect party packages to cosy cinema hang-out dens, pamper parlours or man caves - these versatile and stand-out structures really do offer a playground for fantastic events - you just have the fun decision of what to choose.

To help with planning, we’ve popped together a selection of our tried, tested and much-loved packages, along with some handy FAQs to help you learn more about our lovely party tipis.

We don’t like to give our clients standard ‘off the shelf’ packages, so if you can’t find one to suit, we are more than happy to tailor a completely bespoke package to meet your wishes. We can’t wait to hear your ideas...

PARTY ESSENTIALS

For the little ones:

From our experience we know that children really appreciate spaces where they can play dress-up, do arts and crafts, have their face painted or play imaginary games. We offer a range of packages for children parties. Our Party Essentials package comes complete with super cosy and relaxed pouffes, cushions and vibrant floor rugs. Add to this our colourful lighting and twinkling fairy lights and complete-the-look decorative bunting that's guaranteed to raise excitement levels and transform any garden space into the best party place in town.

Our party essentials package provides all of the essentials from fun and comfy seating to perfectly-formed tables for activities and dining.

Time to get creative, fill your fabulous tipi with all of your favourite things from play items and ballpits to toys, dress-up and more... there's stacks of room inside so do make it personal.

With our delightful collection of child-friendly party pieces from bubble machines to sweet carts and more - whatever it is that you or your child dreams up we can turn it into reality!

Son and daughter's birthday celebrations

PAIRED PERFECTLY

Our Ohana tipi is a match made in heaven for our Boutique Party pad. When hosting a party for smaller children, we know how important it is that they have a safe place to run free and let their imaginations go wild. But we also know that special, not-to-be-missed, warming, fuzzy feeling (from far enough away not to cramp their style, mind) as you watch your little ones having the time of their lives and developing wonderful new friendships too.

Pairing our generous 7m Ohana tipi alongside our Boutique Party Pad gives all of your guests their very own special place to sit back, relax and get involved with the party goings-on. Opt for styling this fabulous space as a holiday-inspired terrace complete with our stunning selection of rattan or outdoor picnic-style seating. For an afternoon escape, head to your very own garden bar sanctuary, presented perfectly with our rustic bar and striking array of bar furnishings to soak up to atmosphere from the sidelines.

When you've thrown the most incredible party and your little beans are thoroughly worn out - unwind and extend your celebrations into the evening. Choose ambient lighting and a cosy outdoor fire for picture perfect moments and a place to continue to create your own magical, memorable experiences.

Frequently asked questions

Where can the tipi be set up?

The beauty of our Boutique Party Pad is that it can be set up on just about any grassed surface across the North West. Pitch up on your fave campsite, in friends/family's gardens or create your own festival-inspired village at your event.

Pretty much anywhere makes a wonderful home-from-home for our boutique party suite. Ask our helpful folk about pitching on other ground conditions and of course what's involved when popping up our party pad further afield.

Do I have to hire the giant tipis to be able to hire the boutique party pad?

No, plain and simple. We're all about providing our uber-gorge party experience to just about any celebration you can think of and we promise we don't mind if there's no giant tipis in tow. It's so easy, if our party pad is available, you're welcome to book. Absolutely, you can book this independently, but of course it's an ideal complement to our tipis. The perfect partner and tailor-made experience you might say.

When will it be set up/taken down

Great news, you'll have plenty of time to enjoy your wonderfully unique party experience as the hire price is for up to 3 nights. If we're setting up your event tipis, the Boutique Party Pad will be set up/taken down at the agreed time as your event tipis. If booked separately, we'll agree with you in advance what date/time the tipi will be ready to enjoy.

Can I book this on behalf of someone else?

Yes absolutely. If you're planning a surprise or providing the Boutique Party Pad as a one-of-a-kind gift, we'll make sure that your secret is safe with us. We'll take relevant contact details and co-ordinate arrangements without spilling the beans, we promise! Nothing makes us happier than a perfectly executed surprise reaction moment. Worth the effort for sure!

Do the fairy lights require mains power?

For total peace of mind, we've got two options. If your event has the option to connect to mains/generator power we'll hook you up with our beautifully-bright fairy lights. No mains, no worries – we'll provide the most stunning warm white battery-powered lights. Talk to our passionate team with any specific details and we will gladly help you choose the best options.

Can we create our own party packages?

Our hand-picked, specially selected party packages have been designed to provide a range of wonderful features and fixed price points. We believe that this gives you a great choice of options for your event. But yes, by all means, should you have a particular requirement we'd be delighted to talk to you about possible variations to make your experience completely unique and unforgettable.

Can we leave children unattended in the party pad?

For the younger ones, we'd recommend that at all times, they are fully supervised. Why not hire a nanny or play leader/entertainer to provide hours of fun? That extra bit of support may give you the confidence to relax and enjoy the party knowing they are safe and having fun under the watchful eyes of trained professionals. If you're hiring the party pad for older guests i.e. a sleepover or cinema night, we'd recommend close supervision of your teens throughout - just to ensure they're fully stacked up on all the obligatory snacks and essentials.

Can we eat inside the party pad?

Yes for sure - there's nothing better than al-fresco dining. Whether it's a buffet for the little ones or satisfying those late-night munchies - it's no trouble at all. We just ask that sticky fingers are kept away from the party pad canvas and furnishings and that any leftovers are taken out of the tipi.

What type of activities are permitted within the party pad tipi?

This really is over to you. We know that for every party, there is a different and preferred choice of activity, Perhaps for the smaller kiddies it's face painting, colouring, crafts and dressing up. And for the grown ups; beauty parlours, man hang-outs, gaming dens or even a romantic escape. Whatever it is that you've got planned, we just ask that you take good care of the tipi throughout.

Can we use fire for children's parties?

Our delightful fire can be used within our party pad for overnight accommodation options. It's provided as standard with a fire guard and all of the safety essentials you'd expect. However, we'd recommend that this is not chosen for children's parties as we just don't want you worrying about those precious little pinkies and not thoroughly enjoying your little one's special party.

If we choose the fire, how much fuel is provided?

Whether you've opted for an epic end-to-the-night retreat, a get-your-friends-together hub or a romantic getaway – our smokeless logs will provide the heat to keep the party going. To help you get the most from your amazing tipi experience, we provide you with fuel for a 12-hour burn. More logs can be purchased as required.

Can I plug in my own electrical party items?

100% yes. If karaoke is your thing, or you've got a nifty disco light that you've just gotta have at the party, we'll make sure that we've discussed with you if you'd find a plug socket or two helpful and agree in advance where you'd like these, along with sharing any safety advice or recommendations

Can we smoke inside the tipi?

Unfortunately not. Being in such close contact to our tipi with smoke and cigarettes means an increased likelihood of damage from cigarette butts or ashes. Like any other public space, we'd ask that you smoke outside, if it would help, we can provide outdoor heaters, shelter, seats and a place to dispose of cigarettes.

Can we have pets inside the tipi?

As much as we love our furry friends, pets are not permitted inside the tipis.

What's the min/max time we can hire the boutique tipi for?

Our stunning Boutique Party Pad is made to enjoy for up to three nights within the prices shown. Should you wish to prolong your celebrations, we'd gladly provide a tailored fee and subject to availability that can be for as long as you desire. We are unable to amend/reduce package pricing for durations less than three nights.
